**Next Meeting - Oil Analysis Testing!**

# Maintain!

Next Meeting - November 14, 2007 at the Cat 'n Fiddle

**Next Meeting!-**

**Tek-5 Lubricant Technologies** will give a presentation on Oil Analysis Testing. Oil Analysis testing is used to monitor all oils for acceptable, abnormal and/or excessive wear patterns. The testing can detect oil contaminants such as fuel, glycol or water. Also, the analysis will monitor the oil for normal and abnormal degradation. Abnormal degradation, when left untreated, can lead to early engine failure.

**Tek-5** is a full service oil, coolant and fuel analysis laboratory that is recognized for providing its customers with accurate laboratory results on all oil samples. These results can have a strong impact on your businesses profitability and cost reduction. Quality and reliability are key elements in their success as a full service independent oil analysis laboratory.

**Tek-5** is owned by **Dennis Inman** and partners. Dennis will make the presentation to MAGS. Mr. Inman has over 30 years experience in the equipment and engine field as a training instructor for Caterpillar dealerships in the North East.

**Tek-5** stands out among its competitors for their quick and accurate results. All oil results can be faxed or e-

mailed the day they are completed.

The social hour will be from 6:00 PM to 7:00 PM. The meal starts at 7:00 PM with the clinic starting between 7:45 PM and 8:00 PM. The meal costs \$15 per person. Please make your reservations by calling 1-877-525-3581. Purchase of a meal is not required to attend the meeting. All are welcome.

*The Maintenance Association of the Granite State (MAGS) is an organization dedicated to the education of vehicle maintenance personnel, whether they are technicians, parts professionals or managers. We meet regularly for education and networking with others in our chosen field. Meetings are usually held in Concord but, are also held at vendors and members facilities. We invite you to join us by attending a meeting to see if we can help you improve your skills or make your job easier and more enjoyable. Call 1-877-525-3581 for a MAGS application.*

Maintenance Association of the Granite State  
 P.O. Box 6492  
 Manchester, NH 03108

## Application for Membership

Fill-in your information below, check the type of membership and mail with your check to MAGS.

NAME:

COMPANY NAME:

ADDRESS:

CITY, STATE & ZIP:

TELEPHONE:

EMAIL:
