Next Meeting March 9, 2011 at Fortin Const., 574 Mammoth Rd., Londonderry, NH

NEXT MEETING — Fortin Construction will be hosting the March 2011 meeting for MAGS at their Londonderry, NH location.

Don Berard will present a program on Mascot Truck Parts. Don's presentation will highlight the entire product line with a focus on the steering gears.

Don Berard has been active in the trucking industry since 1975. He started his career as Parts Manager with C.B. Kenworth in Maine. He also spent four years with Patsy's Kenworth as an outside parts sales rep. Then he spent 6 years as the District Sales Manager with Korody-Colyer, 2 years as Regional Sales Manager with Brake & Electric and the past 22 years with Euclid Industries and ArvinMeritor. (ArvinMeritor acquired Euclid in 1998). Don is responsible for parts sales & training, servicing OE Dealers and warehouse distributors throughout the 6 New England States. He also provides training to fleet customers in all products sold by his company.

ArvinMeritor™s Mascot Truck Parts business is an all-makes remanufacturer of drive axle carriers, transmissions, drivelines, steering gears, and steering pumps.

All-makes remanufactured parts allow distributors and customers to streamline inventory, simplify core returns, and provide a product that delivers the performance, service life, and warranty support of a new component without the premium cost.

Acquired in 2008, Mascot is one of the largest heavy-duty specialists in North America and has built a solid reputation for production quality, customer service, and product knowledge. It operates dedicated remanufacturing facilities in Mississauga, Ont.; Edmonton, Alta.; Moncton, N.B.; and Boucherville, Que. The Mississauga facility was expanded in 2009, increasing production capacity for axle carriers and transmissions

by roughly 20%.

Mascot products are available from 30 strategically-located distribution points in Canada and the U.S., allowing same-day or next-day delivery across North America. This includes items where the sale is driven not by routine maintenance but by necessity, such as transmissions or axles.

By combining the benefits of dedicated remanufacturing with an all-makes product line, Mascot is uniquely positioned to help dealers, distributors, and fleets alike meet their expectations for durability, performance, value, or quick availability from their replacement parts supplier.

MEAL RESERVATIONS

The social hour will be from 6:00 PM to 7:00 PM. The meal starts at 7:00 PM with the presentation starting at about 7:30 PM. The cost of the catered meal is \$20.00 per person.

Please make your reservations by calling Peasley Safety Consulting at 1-877-525-3581 or e-mail to nhmags@comcast.net.

Directions to Fortin Construction
From the North or the South:

Take the RT-28 exit, EXIT 5, toward N. LONDONDERRY/MANCHESTER. Turn RIGHT onto ROCKINGHAM RD/RT-28. Turn LEFT onto PAGE RD. Take the 1st RIGHT onto MAMMOTH RD. 574 MAMMOTH RD is on the RIGHT.

Suggest a Speaker or Topic

Got a suggestion for a speaker or topic at a MAGS meeting? Contact a MAGS officer or member of the Board of Directors.

The topic can be anything that relates to heavy vehicle inspection, repair or maintenance. Know someone who can make the presentation?

Include the information on a prospective speaker or presenter in your request. MAGS is always looking for interesting speakers and topics for our members meetings.

Got News? - Send your news articles and/or photos with captions to MAGS at nhmags@comcast.net or to MAGS, P.O. Box 282, Concord, NH 03302 by the 5th of the month for inclusion in the next newsletter.

News articles should be specifically about you or your organization or business. Anyone in your organization or business that is doing anything of note such as training, traveling, receiving an award or certificate, writing or authoring an article, performing a charitable service is news. MAGS would like to showcase our members accomplishments and get you the recognition you and your employees deserve.

MAINTAIN!, the newsletter of The Maintenance Association of the Granite State (MAGS) is published monthly September through June. MAGS is an organization dedicated to the education of vehicle maintenance personnel, whether they are technicians, parts professionals or managers. We meet regularly for education and networking with others in our chosen field. Meetings are held at vendors and members facilities. We invite you to join us by attending a meeting to see if we can help you improve your skills or make your job easier and more enjoyable. **MAINTAIN!** is currently edited by Wayne Peasley, Treasurer of MAGS and President of Peasley Safety Consulting, LLC. Please direct your calls to **1-877-525-3581** or email to wpeasley@safetruck.org or nhmags@comcast.net.

Celebrating 50 Years of Reliable Service

Diesel Exhaust Fluid

*For 2010 and later vehicles
equipped with SCR Technology*

EPA's tougher emission control standards for all highway diesel vehicles requires that NOx levels from new trucks be reduced to almost zero.

Fleetline Diesel Exhaust Fluid (DEF) is a non-toxic, clear, urea solution used with SCR systems in new diesel powered vehicles.

SCR works by injecting diesel exhaust fluid into the exhaust stream as required. DEF works with the heat of the exhaust and a catalyst to convert NOx into nitrogen and water vapor - two harmless and natural components of the air we breathe.

Fleetline DEF is available in cases, drums and totes.
